About the Africa Digital Policy Institute

Powered by the [Lawyers Hub](#), the Africa Digital Policy Institute (ADPI) is a premier training institution dedicated to shaping the next generation of digital policy leaders. Our programs include in-person and virtual training on Artificial Intelligence, Intellectual Property, Digital Identity, and our flagship Data Protection and Compliance course. We are also proud partners of the International Association of Privacy Professionals (IAPP).

About the Course:

In an era where data is the new currency, protecting personal information is not just a regulatory requirement—it's a moral obligation. The Africa Data Protection Course is designed to equip you with the critical skills and knowledge to navigate the complex landscape of data protection in Africa. This two-day intensive virtual course provides a deep dive into the intricacies of data privacy, regulation, compliance and data security across the continent.

Why Attend?

- Expert-Led Training: Learn from leading experts at the intersection of law, policy, and technology in Africa.

- Comprehensive Curriculum: Gain insights into African data protection laws, cultural nuances, and global best practices.

- Practical Skills: Understand how to implement data protection strategies that build trust and ensure compliance.

- Network & Collaborate: Connect with industry professionals, legal practitioners, and policymakers.

Who should attend;

- Legal professionals
- Business leaders
